The fascinating world of Citrus tree - these trees produce delicate fragrant blossoms that will fill your garden with an amazing scent, attracting many bees and other pollinating insects. Producing your own fruit will be the most satisfying experience. Growing Citrus teaches us so much about pollination. In addition, Citrus have glossy beautiful leaves throughout the year making them a wonderful addition to any garden

Everything you need to know about CITRUS

Join David Seewald, for an entertaining journey into fascinating world of Citrus; we will delve into the origins the history, learn about the many varieties we can grow in our garden beds and in pots.

Discover how Citrus trees are grafted, how to choose the correct tree and the secrets to successful planting, feeding, watering and pruning.

David will also share practical tips for identifying common Citrus pests and diseases.

All this will ensure you will grow healthy happy Citrus.
